MAKING MONEY
ON
DEMAND

Your NEXT Step

Referring back to your "Reverse Engineered 7-Figure Growth Plan, what is the ONE next step that you have to take to scale your store?

A.

How much is it going to cost?

A.

Your NEXT Step

What else do you need to do/put in place to take your next step?

For example : Create a process on how orders need to be packed correctly

A.

Making Money On Demand

Now that you know how much you need to take your next to to scale, let's make money on demand by breaking it down into how many extra sales you need to make each day.

HOW TO MAKE MONEY ON DEMAND

$$\frac{1000}{100} = 10$$

Amount needed per week

AOV

10 extra orders per week

Work it, baby!

Avoid These Pitfalls!

- ▶ Not being able to restock inventory quick enough
- ▶ Buying things you don't need
- ▶ Forgetting about taxes and other financial obligations
